

Email from Mr R Spicer-Short

The Jubilee Committee met last Friday and we have got the work underway for the Jubilee celebrations.

As we are just starting the planning process there are no identified costs for running the events although I know from my experience with Crazy 4 Corfe that there will be expenses to be paid.

We know the beacon requires some attention, we will need hi-viz tabards for marshalling, signage, posters, village decorations, publicity and many other small costs.

I plan to write out to various individuals and groups within the village to raise funds but this will take time to secure support for the events.

In the meantime I would like the Parish Council to provide with some working capital to get the project underway. I hope to repay the funds to the Parish Council after the event. An initial fund of £500 will allow us to move the plans forward. It will be fully accounted for.

I should be very grateful if you would ask the council to consider this.

Many thanks,

Rupert
