4. Roundabout Repairs.

ACTION: Clerk to try to obtain 3 quotes for repairing the roundabout.
5. DAPTC Motion

It was noted Worth Matravers Parish Council have seconded the following motion to be submitted to DAPTC for their AGM.

"DAPTC registers its concern to Dorset Council and its MPs at the loss of both public and private rented housing whose owners cite the financial unviability of the proposals for energy and condition standards. We ask Dorset Council, Dorset MPs NALC and the Government to review the viability of the new standards to ensure the rented housing stock is retained."
6. Actions updated since the agenda publication date.

No further actions have taken place since the publication of the agenda.

Comment: The Parish Council has reviewed this application carefully and appreciates that it involves both internal and external alterations to a listed property within the Corfe Castle Conservation Area.

We raise no objection to the internal remodelling, including the creation of the ensuite, especially as care has been taken to preserve visibility of the historic frame truss.

However, we do have concerns regarding aspects of the external proposals:

- Rear Extension: While modest in scale, we are not convinced that the proposed extension complements the existing listed structure. The removal of the central pier, likely part of the original building fabric, raises particular concern. The proposed black timber cladding may also jar visually with the light-coloured stone of the main house and is arguably too stark a contrast in this sensitive setting.
 - Garage Alterations: Although the garage is a 1980s addition, it was originally thatched to harmonise with the main house. Re-roofing with concrete tiles would undermine this historic coherence. We would prefer to see the roof rethatched, in line with the likely intent of previous heritage guidance.
- In conclusion, while we understand the need to adapt historic buildings for continued use, we would prefer that the applicant consult with the Council's heritage officer and consider revising the external design proposals. We therefore object to the rear extension and garage alterations in their current form, but do not object to the internal changes.

b. Treeworks Application

1 Application No: P/TRT/2025/02575

Location: Woodside Chapel, Tabbits Hill Lane, Corfe Castle, BH20 5HY

Proposal: T1 Beech - Fell. T2 Sycamore - Fell. T3 Sycamore - Fell. Replant with 3 Oak trees

Comment: Comment submitted by Cllr Blinkhorn in Clerk's absence. "Two Councillors from Corfe Castle Parish Council visited the site and viewed the trees in question from the roadside. The following observations were made; T2 - We agree that this tree should be felled. This would remove some of the suppression on T1 (Beech) T3 - Remove the extensive ivy growth and raise the crown of this tree. No need to fell it, and this would remove some of the suppression on T1 (Beech). T1 - Once free of suppression, there should be no need to fell this tree.

RESOLVED / ACTION: Clerk to submit planning & treework application comment.

0625-24 CORRESPONDENCE

1. Westwood Farm footpath diversion route amendment.

It was noted Cllr Blinkhorn has met a representative from the National Trust to walk the route and although the route has been slightly amended the recommendation is still no objection at this point in time.

2. To consider any correspondence received since the publication of the agenda.

No new items of correspondence have been received since the agenda publication date.
