

Planning Application

1.

Application No:	P/HOU/2026/02378
Location:	42 East Street Corfe Castle BH20 5EQ
Proposal:	Removal of temporary hoarding to footpath & remaining sections of existing retaining wall. Erect new drystone wall
Comments Due:	4 th June 2026
Planning working Group Comment	No objection, on the basis that all practicable work is carried out from within the garden and that the public footpath is closed only when active work is taking place, rather than as a default or continuous measure. The architect's drawings specify the use of <i>Portland stone</i> , but given the local character and established materials in this part of Purbeck, Purbeck stone would be more appropriate and more in keeping with the surrounding built environment.

2.

Application No:	P/STA/2026/02499 (Statutory Undertaker)
Location:	Opposite 4 Battlemead Corfe Castle (Worth Matravers Sewage PS) (Land near Corfe Castle East)
Proposal:	Erection of 4 number Electricity Poles
Comments Due:	28 th May 2026
Planning working Group Comment	No Objection.

Licencing.

None
